Mansfield

Cycling Without Age is a global, non-for-profit organisation founded in Copenhagen, Denmark, by Ole Kassow. It was established in 2012, and today, the organisation is represented in 42 countries all over the world!

The concept of Cycling Without Age is taking elderly people (or those with disabilities) out for bike rides in specially built trishaw bikes piloted by volunteers. The bike rides are free of charge. Our mission is to build bridges between generations and help prevent loneliness: we provide the elderly people an opportunity to avoid social isolation and remain active in their community by taking them out on bike rides and allow them to feel the wind in their hair!

Cycling without Age Mansfield paid us a visit to take some of our residents for a ride. A great time was had by all! The fresh air, the sight seeing and all the laughs sure made for a wonderful morning.

**GREAT NEWS!** Cycling without age will be visiting Bindaree regularly! We can highly recommend giving it a go!
